Engagement through face to face networking has the highest rate of return on dollars spent. Being the most visible company at the networking event of the conference will make you stand out in the attendees mind. Engage the leaders of the industry in business questions as they gather for tasty treats and beverages. Your logo will be prominently displayed on signage and we encourage you to provide items with your logo to enhance brand awareness. Upgrades available.

## INDIVIDUAL CHARGING PACKS

Help charge up the attendees with portable "power up" ability. This pocket sized extra battery supply keeps everyone connected to the conference, home and office.

## CONFERENCE NOTEPADS/PENS

A lifesaver for those taking notes during the educational portion and a deal maker for those brainstorming and networking. A spiral notebook with your name and logo can be the champion of both. This offering will be delivered to all registrants.

## WIRELESS INTERNET ACCESS

Instead of draining the attendees data plans, you can provide them with internet access on their mobile device. As they access the internet, a redirect to your branded splash page and contact information enables them to review your products and services.

# AFPM.ORG CONTEXTUAL ADVERTISING

Based on the AFPM content classification index, ad campaigns are placed in a vertical segment of pages where your ad is served to visitors of the site when these specific interest pages are viewed. Your ad will also be rotated through the homepage and other high traffic pages on the AFPM ad network.
