

# Haight Ashbury Magic Bus Tour

*Sightseeing Tour on the Magic Bus*

- Today guests will pay homage to an era that defined San Francisco culture – travel back to the 60s, the time of psychedelic Summer of Love.
- Guests will experience a one of a kind, and certainly memorable tour through the city aboard the multimedia Magic Bus.
- Separating this from any other city tour, the Magic Bus features video projection throughout the tour. Guests watch screens on the windows with photos and video of the city during the 60's, then the screens come up and guests see San Francisco today.
- The tour is complete with an authentic soundtrack, perfect for sing-alongs and Summer of Love accessories!
- Following the (2) hour driving tour, guests will enjoy free time to explore the Haight Ashbury neighborhood, before returning to the hotel.
