Vendor Passport Program

Once again, this year's exhibition will feature the Vendor Passport Program. By visiting the participating suppliers and consultants, you will learn about their latest products and services, and also have the opportunity to receive special giveaways donated by the exhibitors. Pick up your "passport" at registration and get it stamped at the booths for your chance to win.

Certifications Points

Certified Safety Professional (CSP)

The Board of Certified Safety Professionals will grant CSP Continuance of Certification (COC) points for attendance at the National Safety Conference without pre-approval. Fifty percent of a conference program must be safety-related, i.e., contain subjects covered on the CSP examination, to qualify for COC points. Since it is two full days in length, CSPs can earn one full COC point for attendance.

The responsibility for applying for these points lies with the individual CSP. NPRA will provide the necessary receipt on-site for the convenience of the registrant.

American Board of Industrial Hygiene (ABIH)

CM Points:
.5 points per .5 day,
1.5 total Safety CM Points

Approval Number: 09-1454
