

**RELIABILITY & MAINTENANCE
CONFERENCE AND EXHIBITION**

HENRY B. GONZALEZ CONVENTION CENTER
SAN ANTONIO, TX
MAY 24-27, 2016

2016

Why exhibit?

The AFPM Reliability & Maintenance Conference & Exhibition is the premier event for networking, information exchange, and sales to reliability and maintenance professionals specifically in the petroleum refining and petrochemical manufacturing industries. Key decision makers in maintenance organizations representing over 90% of total US refining capacity and roughly 40 US and international petrochemical plants as well as plants in 14 countries are typically represented here.

The exhibition encompasses 9 hours and 15 minutes of unopposed show time, scheduled during lunch and late afternoon reception hours to encourage traffic flow in the hall. Complimentary food and beverage service is provided in the hall.

The conference is a 2.5 day program consisting of keynote sessions, workshops, and discussion sessions. All focus on managing and executing maintenance and reliability in process plants.

A total of 1355 attendees and exhibitors registered for the full conference in Austin, TX in 2015 and another 179 purchased one day passes. Full registration in 2014 in San Antonio, TX was 1422 with an additional 169 one day passes.

Who should exhibit?

The exhibit invitation is extended to both domestic and international companies that provide equipment, technologies and/or specialty services to the petroleum refining or petrochemical manufacturing industries. Due to the demand for booths, auxiliary services such as trade press, local attractions, general interest promotional offerings, etc. may not occupy a booth.

**Who is AFPM?**

American Fuel & Petrochemical Manufacturers is the new name of the National Petrochemical & Refiners Association, an organization with a proud 114-year history of serving. We adopted our new name in January 2012 to better describe who we are and what we do. AFPM is a trade association representing high-tech American manufacturers of virtually the entire U.S. supply of gasoline, diesel, jet fuel, other fuels and home heating oil, as well as the petrochemicals used as building blocks for thousands of vital products in daily life. AFPM represents 81 regular member companies, encompassing nearly all of the petroleum refiners and petrochemical manufacturers in the United States. Membership also consists of international refining and manufacturing entities, as well as domestic and foreign companies which have special interests in petroleum refining and petrochemical manufacturing, while not operating the refineries or facilities themselves.

Booth Selection

There are many requests for booths that are near the entrance and/or that are near the food and lounge areas. We ask that you request 12 locations on the floor plan, including some that do not reside at these positions. While we do our best to accommodate your needs, we are not able to fulfill every space location request.

This year's floor plan consists of 28 20'x20' island booths, 64 10'x20' booths, and 126 10'x10' booths.

Booth Assignments

For contracts received during the priority period (**by January 15, 2016**), priority for entry into the show and assignment of booth location will be determined by AFPM membership status and number of previous years exhibiting with this show. Booths are assigned by a priority point system. To learn more about this refer to the [Meeting FAQ page](#). After the priority period, booths will be assigned on a first-come, first-served basis.

To ensure that first-time exhibitors have access to space, a reserve of at least ten 10x10 booths will be set aside and assigned only to first-time exhibitors. First-time exhibitor priority is based on a company's wait list status from the prior year, and the date the application is received by AFPM.

AFPM will notify exhibitors of initial booth assignments by late January. AFPM reserves the right to make necessary changes in assigned booth locations for the benefit of exhibitors and the betterment of the entire conference.

Booth Cancellation

Cancellations must be made in writing and forwarded to Katharine Nesslage at fax number 202.835.0467 or email address knesslage@afpm.org. Refunds or cancellations will be made only if the space can be resold, according to the following schedule.

By March 1, 2016	90% of rental fee
By March 29, 2016	75% of rental fee
By April 26, 2016	50% of rental fee
After April 26, 2016	0% of rental fee

Housing Warning

The official AFPM registration and housing reservation service will open in January through our website www.afpm.org. In previous years, our exhibitors have received improper solicitation from third party housing agencies (Convention Housing Services or Convention Expo Travel, Convention Hotel Management, Exhibitor Housing Services, National Travel Associates, Global Housing Services, Corp., Exhibitors Housing Management) identifying that they are calling regarding the AFPM show. These companies will often times offer lower quality rooms at a lower rate, rooms at a different hotel that is far away from the meeting, or often have steep and unforgiving cancellation policies. For these reasons, and to support the quality of the AFPM Reliability & Maintenance Conference, we encourage you to book your housing reservation on AFPM's website, www.afpm.org. Please notify AFPM at rmcexhibits@afpm.org if you receive any other notices from third party organizations soliciting hotel rooms, exhibit guides, etc.

Booth Conduct and Activities

Displays and activities should be directly related to the products and services provided by the exhibitor in the regular course of business. Booth personnel must be limited to employees of the exhibitor. Exhibitors are not permitted to use celebrities, models, caricaturists or entertainers. Raffles, drawings, contests, or similar activities of any kind, regardless of the intended purpose or winnings, are not permitted and no exceptions will be made. Therefore, no fishbowls are permitted in the booths.

Please refer to the [rules and regulations](#) for complete details.

Booth Configuration

Specific height restrictions exist for all booths. To promote fairness and avoid growing competition for height and visibility, there will be no exception to these rules.

For 10'x10' and 10'x20' Booths:

- Within the area 5' forward from the rear of each booth, display material may be placed up to a height of 8' from the building floor, including the company sign.
- Within the area beyond 5' from the rear of the booth, all parts of the exhibit shall not exceed a height of 4' from the building floor and/or shall not impede the sight line of adjacent booths.
- Within the area 8' to 10' from the rear of the booth, display material may not be less than 2' from the building floor.

For 20'x20' Booths:

- Exhibitors must submit a detailed floorplan for the island booth indicating height and width of all display elements for pre-approval at the time of application.
- Within the 20'x20' area, display material and equipment may be placed up to a height of 15' from the building floor, including the company sign.
- Signs or banners may not be positioned around the perimeter of the booth at any height so as to enclose and impede the sight line of adjacent booths.
- The design of island booths must allow access from all four aisles and not obstruct the view of adjacent exhibits in any way. In order to avoid possible on-site adjustments, please contact AFPM if you have any questions regarding your booth's accessibility.

Sponsorship Opportunities

Sponsorships provide valuable marketing benefits including publicity in the advance and final programs, special recognition during the conference, and other high visibility exposure to attending professionals and others. Take a look at our exciting sponsorship opportunities listed on pages 3 and 9 of the [sponsorship brochure](#). Please contact Katharine Nesslage at sponsorships@afpm.org or 202.457.0480 for more details.

For all Booths:

- No signs or other articles may be affixed, nailed, or otherwise attached to walls, doors, painted surfaces etc. Likewise, no attachments may be made to the floor or ceiling by nails, screws, or any other device.
- No signs may be hung from the ceiling.
- Exposed unfinished areas of the exhibit must be draped or carpeted to present an overall attractive appearance. If this is not done, The Freeman Companies will be instructed by AFPM to take necessary measures to correct the exposed area at the exhibitor's expense.
- Booths must be kept clean during open show hours. AFPM reserves the right to order cleaning services, at the exhibitor's expense, for a booth out of compliance with this rule.

- Monitors for video presentations or any other visual systems must not be placed in a position which exceeds the height limits as defined above or otherwise creates a hazardous situation.
- No exhibitor display items may extend into the aisle.
- Booth display items positioned so as to create a possible safety hazard anywhere in the booth must be moved.
- No platforms used as the base of the exhibit are permitted due to the tripping hazard created.
- Exhibits not conforming to these specifications, or which are objectionable in design, operation, or otherwise in the opinion of AFPM will be prohibited.

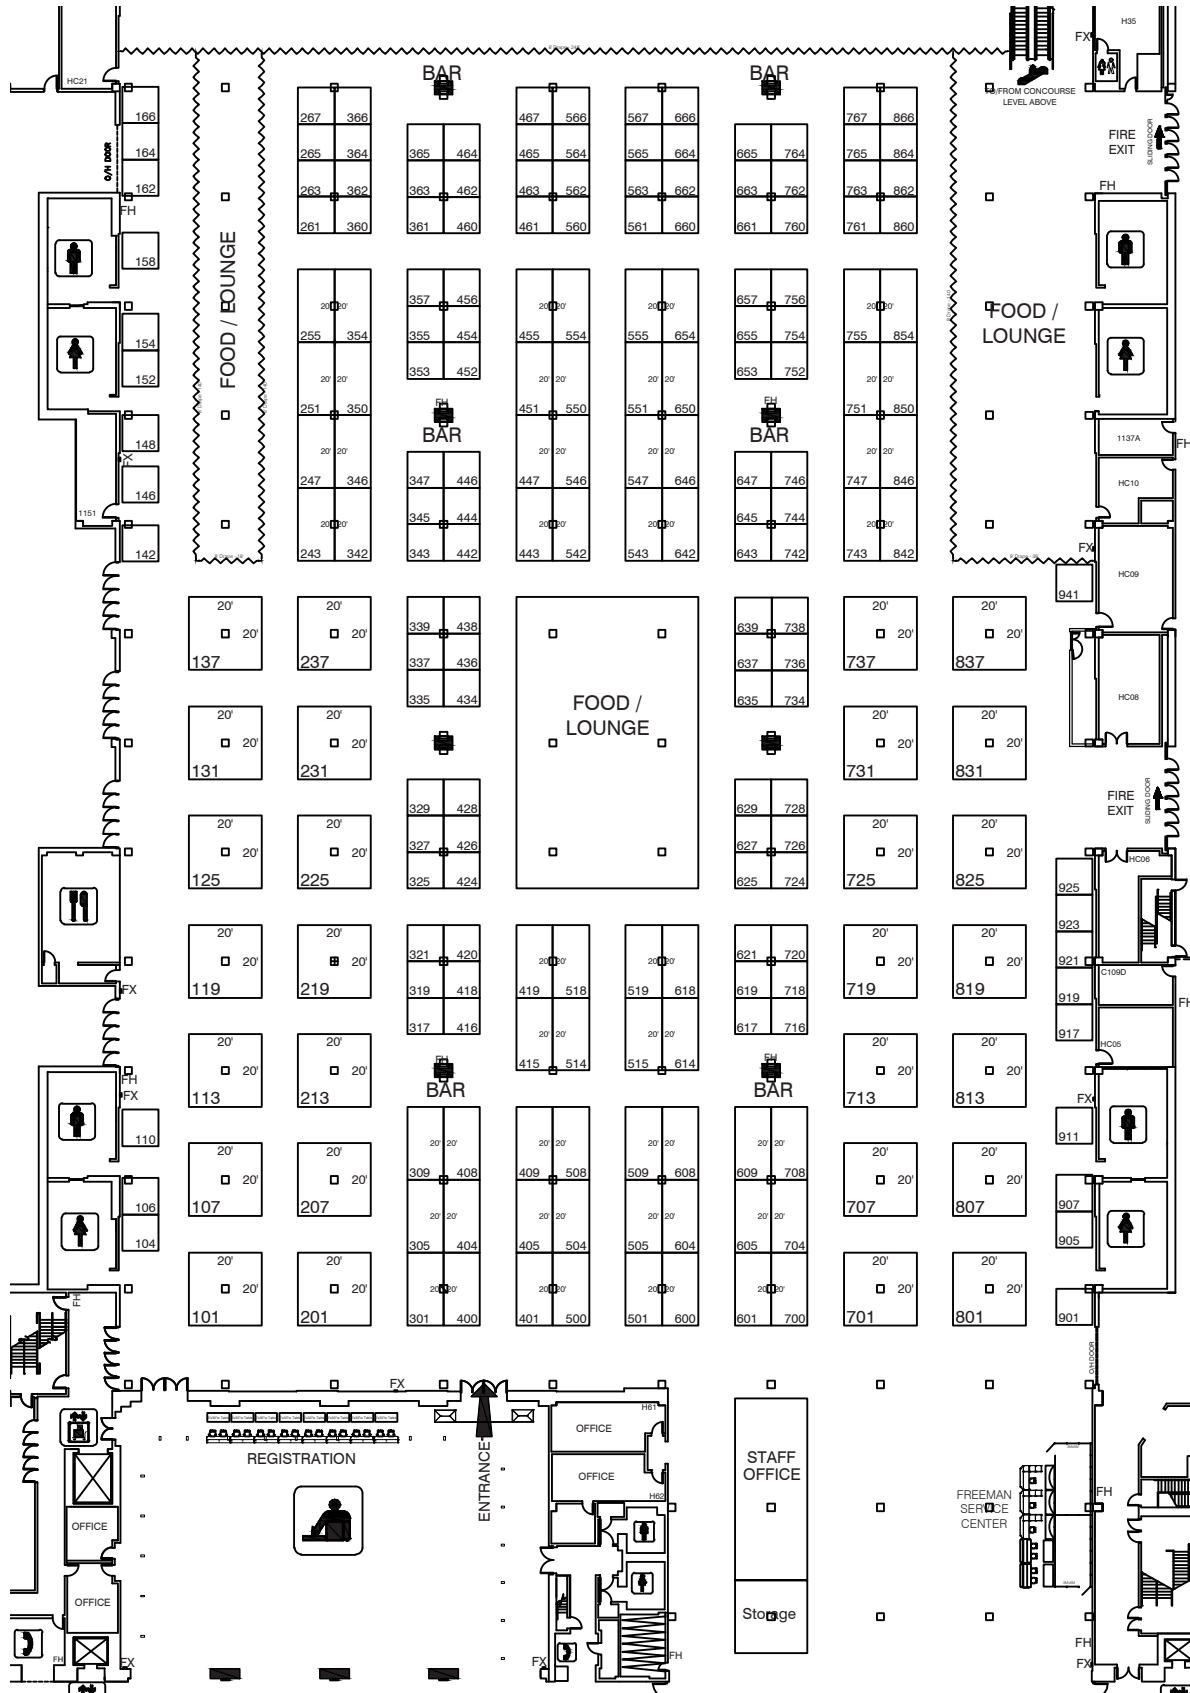

Conference Fees

Remember, all exhibitors must register for the conference in addition to the booth rental fees of \$8.50/sq ft for members and \$16.00/sq. ft. for non-members. There are no complimentary registrations built into the booth fee. This fee structure allows exhibitors to better manage their budget and personnel and also afford you the convenience of registering and reserving your hotel rooms on-line. The below fees are available until April 22, 2016. After April 22 late fees apply. A block of discounted sleeping rooms will be available at the Grand Hyatt and Marriott Riverwalk Hotel. Registration will open [online](#) in January. In order to encourage AFPM attendees to use our contracted hotels, you will receive a \$200 discount off your registration when you book your room as

you register through AFPM. Registrations received after the hotel block closes will not be eligible for the registration discount. Local commuter registrants, of course, will receive the discounted registration fee. All discounts will be applied just before payment. Register by April 22 to receive early registration fees and the \$200 "in hotel block" discount. On April 23, the room block closes, full registration fees increase by \$100, Tuesday one-day passes increase by \$25, and Wednesday/Thursday one-day passes increase by \$50. Those registering after the room block is closed will not be eligible for the \$200 discount. Registration fees are based on AFPM membership.
