Discussion Session

IMPROVING RELIABILITY, LEARNING FROM CASE STUDIES

We are in the second year of depressed crude prices and high production worldwide. The challenges for refiners continue to be to operate as efficiently and safely as possible. Refinery utilization has averaged over 90% over the last 18 months. Regardless of production and price, maintenance, reliability and safety are real issues our industry must constantly address. The Reliability & Maintenance Conference planning committee realized that attendees desired interactive, dynamic and real-life examples of refinery issues and developed a 2016 program that focuses on operating company case studies. We will have 16 operators sharing their experiences in overcoming problematic issues within their operations with plenty of opportunity for discussion among the attendees. These companies have volunteered to share their respective challenges and the solutions they developed, and provide in-depth analyses that can help you as you address similar operating issues. Additionally, we are offering three robust technical professional development sessions on Tuesday to start the conference. We hope that you find this program to be a valuable resource and are able to leave with tangible information that you can use in your day-to-day operations.

Specifically, the conference is all about sharing improvements and learning from others' experiences. In each of the case study workshops and presentations, industry professionals will describe their reliability and maintenance challenges, how they selected a solution, and the ups and downs of implementing that solution, and open the discussion to the attendees. The lessons they have learned – the positives and negatives – are a powerful tool in improving the

productivity of your workforce and the competitiveness of your facility. The program has almost 20 workshops organized in four topic tracks: Reliability; Maintenance; Turnaround and Mechanical Integrity. The workshops will be interactive and attendees will be encouraged to ask questions and share their own experiences and challenges.

Attendees interested in a specific topic will find that the program schedule allows them to focus on the area that best aligns with their interests. For example, attendees whose top priority is mechanical integrity may want to concentrate on the Mechanical Integrity track while other attendees will choose to concentrate on the Maintenance, Turnaround or Reliability tracks.

Discussion Sessions

The program includes four Discussion Sessions where subject matter experts (SMEs) will provide a starting point for a small group discussion of high priority issues. Each session will break down into

- subtopics:
- Maintenance: TBD
- Mechanical Integrity: New Technologies
- Optimizing Turnaround Scope

Turnaround: Empirically Measuring and Reliability: TBD

The Discussion Sessions will be three hours in length to continue to make them even more interactive and to offer attendees longer and better opportunities to discuss specific issues with experienced practitioners.

Professional Development

Attendees also have the opportunity to acquire additional training by registering for one of the four Professional Development seminars which will be held Tuesday before the conference. Three full-day seminars will be offered: "Bolting 101" by Chevron/Advanced Sealing/Sealing and Bolting Technologies; "Certified Reliability Leader" by Realityweb.com; and "API 510 and NBIC" by The Equity Engineering Group. Also available will be "Ethics and Excellence for Engineers" by Valero. There is an additional registration fee for each of these seminars except the Ethics and Excellence session.

Exhibition

The Conference Exhibition provides an opportunity to evaluate the equipment, services, and technologies of more than 200 companies. These companies are specialists in a specific aspect of reliability or maintenance and can be valuable resources in solving plant problems and improving performance. A number of the exhibitors are first-timers offering novel solutions to your persistent problems.

The 9-plus hours of exhibition time also offer an excellent opportunity to network with others and focus on your plant's particular needs.

Exhibitors from over 200 industry service companies will participate in the AFPM Reliability & Maintenance Conference and Exhibition. (as of March 29, 2016)

Ethics and Excellence for Engineers

Valero

The ethics workshop will review engineers' roles and responsibilities in applying professional engineering ethics to their professional conduct. The discussion will begin with a definition of ethics and then discuss situations where ethics are brought to bear. This workshop is intended to provide the training needed to maintain a professional engineer's license in those states that require one hour of training per renewal period. AFPM will provide certificates of attendance to those who attend.

There is no additional fee to attend the Ethics Workshop.

**WEDNESDAY
MAY 25, 2016**

8:30 am – 9:45 am

Keynote Address

Lt. Col. (Ret.) Rob "Waldo" Waldman

Lt. Col. Waldo Waldman overcame massive claustrophobia and a fear of heights to become a fighter pilot with 65 combat missions and 2,650 flight hours. He's deployed worldwide and flew missions in Iraq, SE Asia, and Kosovo during Operation Allied Force. Waldo has been awarded 5 Air Medals, 2 Aerial Achievement Medals, 4 Commendation Medals, and 2 Meritorious Service Medals.

Waldo believes that the key to building a culture of trust lies with your wingmen – those who help you to overcome obstacles, adapt to change, and achieve success. In business and life, you should never fly solo! The ability to win when the heat is on lies in the ability of every wingman in your organization, regardless of their role, to support the team and be 100% committed to the mission.

Lt. Col. (Ret.) Rob "Waldo" Waldman

The American Fuel & Petrochemical Manufacturers ("AFPM") has adopted the following "Ethical Responsibility and Professional and Personal Conduct Code" (hereinafter, "the Code"). Every member of AFPM, their designated representatives, and non-member attendees at all AFPM meetings and forums agree to abide by the Code as a condition of membership in AFPM and/or attendance at AFPM meetings and forums.

The Code requires the following of all individuals attending AFPM meetings and forums:

- Adherence to the AFPM bylaws and the AFPM policies and procedures, as adopted by AFPM's Board of Directors.
- Strict compliance with federal antitrust laws.
- Adherence to all applicable federal and state laws.
- Maintenance of the highest level of professional and personal ethical behavior while attending AFPM meetings and forums.
- Prevention of certain behaviors, including harassment, violence, intimidation and discrimination of any kind involving race, color, religion, national origin, gender, sexual orientation, age, disability or, where applicable, veteran or marital status.

- Assurance that conduct at all times and in all professional and personal dealings with each other and other attendees is with the highest level of integrity and courtesy.
- Sharing of knowledge and expertise as speakers at AFPM educational events and sessions whenever practicable, without soliciting or explicitly promoting their own organization's products or services.
- Working to instill public and consumer confidence in the petrochemical and refining industries, its member companies, and its professionals, avoiding any action conducive to discrediting members of AFPM.
- Refraining from scheduling general attendance meetings, receptions or other events at times that conflict with substantive programming or social events at AFPM meetings without express written permission of AFPM.

Failure to abide by the Code may result, for the first offense, in informal censure of a company or individual by the AFPM President. If violations of the Code continue after such an informal censure, a company may be subject to expulsion from AFPM, or an individual to exclusion from participation in AFPM activities, by the Executive Committee.

We ask your cooperation in observing the Association policy on activities held in conjunction with any AFPM meeting:

- All representatives of companies sponsoring hospitality activities are expected to register for the meeting.
- Meetings or social activities should not be scheduled at times that pull registrants away from AFPM programs and AFPM-sponsored activities.
- Companies are asked to ensure that hospitality activities do not include expensive or elaborate entertainment.
- Hospitality suites are expected to close by 1:00 am.
- Any company sponsoring a function to which 25 or more people are invited should outline its plans for advance approval by AFPM. In general, such functions will be approved if they do not unduly take registrants away from AFPM-sponsored activities.
- Food, beverage and service personnel (bartenders, hostesses, etc.) must be obtained through the hotel catering department.
- Suite promotional activities are to avoid the use of elaborate entertainment, expensive door prizes, suite attendance solicitation by individuals who are not full-time employees of the sponsoring company, or other similar activities.

1. Conference Registration and Professional Development Seminars

Log on to www.afpm.org then click "Register Now" complete the enclosed registration form. Full registration includes admission to the Tuesday, Wednesday, and Thursday receptions and the Wednesday and Thursday luncheons in the exhibit hall; the Keynote Session; and the Workshop Sessions. Spouse registration includes all of the above.

A \$200 discount will be applied if a hotel reservation is received with this registration. Local commuter registrants will also receive this discount. Plus, you'll save \$100 on full conference registration if you register by April 22! There is a separate registration fee for the Tuesday Professional Development Seminars, and these seminars are open to registered attendees only.

On-line late registration runs from April 23 - May 13. After May 13, registration must be done on-site in San Antonio.

2. Hotel Reservations

Reserve your hotel on-line when you register [on-line](#) and receive an immediate acknowledgement of your reservation. Or, fill in the appropriate space on the enclosed registration form. Hotel reservation requests will be processed in the order received by the AFPM. Get immediate acknowledgement on-line but allow 2 weeks if submitted to AFPM. Support your Association and help keep meeting fees low by using the AFPM contracted hotel.

April 22, 2016, is the cut-off date for making hotel reservations, cancellations or substitutions through AFPM or on-line. Beginning April 30, reservations, substitutions, or cancellations must be made through the hotel directly.

Hotel Cancellation Policies:

Grand Hyatt: Cancellation must be received by hotel at least 48 hours prior to arrival to avoid being charged for the first night's room and tax.

Marriott Riverwalk: A major credit card is required to guarantee your reservation. Cancellation must be received by hotel at least 48 hours prior to arrival to avoid being charged for the first night's room and tax.

3. Payment

Pay by credit card. AFPM accepts American Express, MasterCard and Visa.

4. Travel

AVIS is the official rental car agency for the RMC. Call 800-331-1600 and refer to AWD#:B761300 to receive discounted rates.

5. Suites and meeting rooms

Call Katharine Nesslage at 202.457.0480 or email at knesslage@AFPM.org.

6. Confirmation

Your registration will be confirmed via e-mail if you provided us your email address. Otherwise, your confirmation will be sent via U.S. mail.

7. Attire

Business Casual - shirts with collars; no ties, jeans, sneakers or shorts.

Cancellation Policy:

Registration cancellations must be submitted in writing and faxed to 202.835.0467 or e-mailed to RMC@AFPM.org. Substitute conference registrations may be made in advance or on arrival with no penalty. Substitutions may be made on-line by the individual who entered the registration or may be submitted in writing to RMC@AFPM.org.

Cancellations may be made by April 22, 2016 with no penalty. Written cancellations postmarked, faxed, or emailed between April 23 and May 6, 2016 will receive a refund of fees, less a \$50 processing fee. No refunds after May 6, 2016. No telephone cancellations.

This cancellation policy applies to full conference registration, one-day pass registration, and Tuesday professional development seminar registration.

Fee Policy: (Eligibility for rates)

Member Fee:

The member rate is based on membership information currently on file with AFPM. If your company is not currently a member, the non-member fees will be charged to your credit card.

Local Fee:

Eligibility for the local fee is limited to those who will be commuting from home to the conference each day.

Exhibitor Fee:

Eligibility for the Exhibitor fee is limited to those who are employed by a company that has been confirmed as an exhibitor at this conference. If the company you indicate as an exhibitor is not currently confirmed as an exhibitor, the non-exhibitor rates will be charged to your credit card.

Registration Policy:

Those who are present at the site of an AFPM meeting and/or occupy a hotel room in the AFPM room block to conduct business with industry personnel gathered for that meeting are expected to register for that meeting and pay the registration fee, whether or not they attend a specific function.

Spouse/Guest Policy:

A guest is a spouse/significant other, friend or an adult child (18 years old or older) who is not in an industry-related occupation. A co-worker, an associate or spouse who works within the industry may not use the Spouse/Guest Registration category. Guests are not permitted to work in the exhibit booths. Children under 18 are not permitted in the exhibit hall.

No Suitcasing Please:

Please note that while all meeting registrants are invited to the exhibition, any non-exhibitor registrant who is observed to be soliciting business in the aisles or other public spaces, in another company's booth, or in violation of any portion of the AFPM Exhibition Policy will be asked to leave the show floor. Please report any violations you may observe to show management.

Photo Release:

By registering for this conference, I hereby grant AFPM, its licensees and assigns, the right to use my name, biographic material, as well as, photos, or videos taken of me during the conference in news media, websites, publications, programs, articles, and/or marketing materials.

**REGISTRATION FORM: RMC16
